Cargo Policy

Carrier Onboarding & Documents

Is my carrier legal, insured and set up to haul for this broker?

USDOT, MC and authority status (including FMCSA's 2026 Motus changes), reading SAFER and Licensing & Insurance, the six-document carrier packet, the certificate of insurance line by line, factoring and NOAs, broker setup platforms, and the red flags that stop a setup.

- 5

real documents annotated
- 2

FMCSA screens explained
- ~6 hours

study + practice
- 1

packet audit exercise

How to use this module

Before any broker gives your carrier a load, the broker checks that the carrier **exists, is authorised, is insured and is who it says it is**. You are the person who collects, checks and sends those documents. Do it well and setups take minutes; do it badly and loads are lost.

Study rhythm (about 6 hours)

- **Session 1 (1.5 h):** identifiers, Motus, SAFER, L&I. Look up a real carrier on SAFER yourself.
- **Session 2 (2 h):** the packet: W-9, COI, NOA, bank details, dispatch agreement.
- **Session 3 (1 h):** broker setup and verification.
- **Session 4 (1.5 h):** the packet audit, the agent-call drill and the check.

Do it live

Open **safer.fmcsa.dot.gov** and search any real company by USDOT number, for example one from a truck photo or a news article. Compare what you see with page 7. SAFER is free and public.

Contents

L5.1 USDOT, MC, Motus and authority status	4
L5.2 The carrier onboarding packet	9
L5.3 Broker carrier setup	16
L5.4 Insurance and authority verification	18
Packet audit, drill and module check	20
Answer key · Glossary · Sources	22

After this module you can

- Explain USDOT vs MC vs authority status
- Read SAFER and L&I and spot problems
- Check a COI line by line
- Assemble and send a clean carrier packet
- Complete a broker setup safely

SERVICE DATE
September 30, 2022

CERTIFICATE
MC-1395526-C
U.S. DOT No. 1000001
ABC COMPANY LLC
JACKSONVILLE, FL

This Certificate is evidence of the carrier's authority to engage in transportation as a **common carrier of property (except household goods)** by motor vehicle in interstate or foreign commerce.

This authority will be effective as long as the carrier maintains compliance with the requirements pertaining to insurance coverage for the protection of the public (49 CFR 387) and the designation of agents upon whom process may be served (49 CFR 366). The carrier shall also render reasonably continuous and adequate service to the public. Failure to maintain compliance will constitute sufficient grounds for revocation of this authority.

Jeffrey L. Secrist, Division Chief
Office of Registration

5

Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a DOT safety fitness rating of "Unsatisfactory" or by other indicators, could result in a proceeding requiring

MODULE 5 · CARRIER ONBOARDING & DOCUMENTS

Paper before freight

Every document in this module comes from your OMNITECH manual: a real FMCSA authority certificate, W-9, certificate of insurance, notice of assignment, voided check and carrier profile. They are samples from different companies, and in the audit exercise you will find out why that matters.

USDOT, MC and authority status

USDOT, MC and authority status

Three different things. Beginners mix them up; brokers and fraudsters don't.

USDOT number

Identity + safety record

- Required for interstate commercial vehicles (roughly 10,001 lb+ and some others)
- Inspections, crashes and safety rating attach to it
- Permanent — never transfers to another company

MC (docket) number

Operating authority for hire

- Permission to haul regulated freight for pay across state lines
- Brokers ask "what's your MC?"
- Still issued in 2026 — MC/MX/FF prefixes unchanged

Authority status

Active or not — today

- Active only while insurance + BOC-3 stay on file
- Can be revoked, e.g. if insurance is cancelled
- Check it live every time — never trust an old document

New in 2026 — FMCSA's Motus system: USDOT number suffixes for new registrants

C

Property carrier

B

Broker

F

Freight forwarder

P

Passenger

R

Intrastate carrier

V

Private carrier

Existing USDOT and docket numbers do not change. Suffixes are not a vehicle-marking requirement. Registrants now verify identity through Login.gov (anti-fraud).

How they appear in real life

- A broker on the phone: **"What's your MC?"** You answer with the carrier's docket number.
- A rate confirmation: carrier name, **MC and DOT** (remember load #12354's RC).
- On the truck door: the **USDOT number** and company name.

Correction to older course notes

Some 2025 articles claimed "MC numbers are being eliminated." FMCSA's May 2026 Motus notice says docket numbers are **still issued**, the MC/MX/FF prefixes are unchanged, and **existing USDOT and docket numbers don't change**. New registrants get a letter suffix on the USDOT number.

What Motus changed (2025–26)

- New online registration system; all users verify identity with **Login.gov**, an anti-fraud step.
- **USDOT suffixes** for new registrants (C = property carrier, B = broker, and others). Not required on trucks.
- **One docket number per new authority.**
- A pending application now shows its **reason**, e.g. "Pending – Process Agent (Form BOC-3) Filings."

NOTE: Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a DOT safety fitness rating of "Unsatisfactory" or by other indicators, could result in a proceeding requiring the holder of this certificate or permit to show cause why this authority should not be suspended or revoked.

CMO

The operating-authority certificate

Real example from your OMNITECH manual (sample company). It proves the carrier was granted authority — but only SAFER / L&I shows whether it is active today.

- 1 **Issued by FMCSA**
U.S. DOT / Federal Motor Carrier Safety Administration — the federal regulator.
- 2 **MC (docket) number**
MC-1395526-C: the operating-authority number. Brokers ask for "your MC".
- 3 **USDOT number**
The company's safety identifier. Every inspection and crash is tied to it.
- 4 **Legal name + city**
Must match the W-9, COI and bank details exactly.
- 5 **Type of authority**
"Common carrier of property (except household goods)" — may haul general freight for hire.
- 6 **Conditions**
Valid only while insurance (49 CFR 387) and a process agent (BOC-3, 49 CFR 366) stay on file.
- 7 **Service date**
When the certificate was issued. Brokers look at authority age.

A certificate is history; SAFER is today

The certificate proves authority was **granted** on its service date. It stays valid only "as long as the carrier maintains compliance" with insurance and process-agent rules. **Always confirm current status on SAFER / L&I**, because an authority can be revoked while the paper certificate still looks perfect.

How an authority starts — and stays alive

The life of an authority

Why a brand-new carrier finds it harder to get loads — and what keeps an authority alive.

Term	What it is	Why a dispatcher cares
Common authority	Authority to haul for the general public for hire (what most carriers have)	Must be ACTIVE to take broker freight
BOC-3	Filing that names process agents (people who accept legal papers) in each state	No BOC-3 → authority stays pending
BIPD insurance filing	The insurer files liability proof with FMCSA (BMC-91/91X); \$750,000 minimum for general freight	Cancelled filing → authority can be revoked
MCS-150	Company census (trucks, drivers, operations); update at least every 2 years	Very old date can mean an inactive or careless carrier
UCR	Unified Carrier Registration: annual fee for interstate carriers	Unpaid UCR can mean fines at inspection
IRP / IFTA	Apportioned plates and fuel-tax reporting for trucks crossing states	Carrier's job; affects which states the truck can run legally

"New authority" and brokers

Many brokers wait until an authority is about **90 days old** before giving loads, or give only lower-value freight at first. Others accept new carriers with extra checks. That is broker policy, not law, and it varies. When you start with a new carrier, **ask which big brokers have already approved them.**

Reading SAFER

Reading a SAFER Company Snapshot

Free public lookup at safer.fmcsa.dot.gov. This is a recreation with a fictional company (our practice carrier) — the layout follows the real snapshot.

SAFER Web — Company Snapshot BLUE LINE TRANSPORT LLC		
USDOT Number: 3847291 · Illustrative recreation for training

- Entity type** — Carrier vs broker. A “carrier” calling itself a broker (or both) needs a closer look.
- USDOT status** — Must be ACTIVE.
- Operating authority** — Must say AUTHORIZED FOR Property. “NOT AUTHORIZED” = cannot haul for hire.
- Out-of-service date** — Any date here = the company is ordered off the road.
- Legal name** — Must match the MC certificate, W-9, COI and bank details.
- Address + phone** — Compare with what the caller / email gives you (fraud check, Module 8).
- Size** — Power units and drivers. 3 trucks booking 20 loads a day is odd.
- MCS-150 date** — Carriers must update every 2 years; very old = possibly inactive.
- Operation + cargo** — Authorized for hire, interstate, cargo types.
- Safety record** — Out-of-service rates vs national average, crashes, rating. “None” is normal for small carriers.

SAFER’s Company Snapshot gives “a concise record of a company’s identification, size, cargo, inspection and out-of-service summary, crash data and safety rating (if any)” (FMCSA). Deeper safety data sits in SMS (the Safety Measurement System).

Licensing & Insurance: status and filings

Licensing & Insurance: is the authority active and insured?

FMCSA's Licensing & Insurance (L&I) records show authority status, insurance filings and the BOC-3. Recreation with our fictional practice carrier.

Licensing and Insurance — BLUE LINE TRANSPORT LLC · MC-1298456 · Illustrative				
Authority				
Authority type		Status	Application pending	
Common		ACTIVE	No	
Contract		NONE	No	
Broker		NONE	No	
Insurance on file				
Type	Required	On file	Form	Effective
BIPD	\$750,000	\$1,000,000	BMC-91X	02/01/2026
Cargo	No	—	—	—
Bond	No	—	—	—
BOC-3 (process agents)				
Yes — blanket company on file				

Authority type + status

Common authority **ACTIVE**. A "Pending" status now shows the reason (e.g. waiting for BOC-3).

Insurance on file

BIPD (liability) filed by the insurer: at least **\$750,000** for general freight. If the filing is cancelled, authority can be revoked.

BOC-3

Process agents designated in every state. Required for authority.

Note: FMCSA only records the **liability** filing for general freight carriers. Cargo insurance is checked on the COI and with the agent.

SAFER vs L&I in one line each

SAFER: who the company is, its size and its safety record. **L&I:** its authority types and statuses, insurance filings, and BOC-3. Both are free FMCSA lookups, and brokers and onboarding platforms check both automatically.

Read the screen

On this L&I screen: is the carrier allowed to broker loads? How much liability insurance is on file, and is that above the federal minimum? (Answers at the back.)

Practice: what do these lookup results mean?

#	You see...	Your conclusion
1	SAFER: Operating Authority Status "NOT AUTHORIZED"	
2	SAFER: Out of Service Date 08/12/2026	
3	L&I: Common authority "Pending – FMCSA Review"	
4	L&I: BIPD required \$750,000 · on file \$0	
5	SAFER: MCS-150 date 2019, 1 power unit	
6	SAFER: Entity type CARRIER/BROKER	

The carrier onboarding packet

The carrier packet: six documents

What you collect from your carrier on day one — and send to every new broker. All real examples from your manuals.

 MC authority certificate Proof authority was granted	 W-9 Tax ID for IRS reporting	 Certificate of insurance Auto liability, cargo, (GL)	 Notice of assignment Only if the carrier factors	 Voided check / bank letter Where to send payment (if not factoring)	 Carrier profile Equipment, lanes, contacts
--	--	--	--	---	--

Plus, between you and the carrier: a signed **dispatch agreement** (your role, fee, authority to sign rate confirmations, how you're paid) — the written relationship FMCSA's 2023 guidance expects.

Keep a folder per carrier with current versions. Insurance and NOAs change: re-check dates monthly and before every new broker setup.

Day one with a new carrier

1. Sign the **dispatch agreement**.
2. Collect the six documents (PDF, clear, current).
3. Run the eight checks (page 18).
4. Fill in the carrier profile: trucks, trailers, equipment, lanes, home time, floor rate, contacts.
5. Ask which brokers already have the carrier set up.

One clean PDF packet

Save one combined, clearly named file: **"BlueLine_Packet_2026-09.pdf"** (MC cert + W-9 + COI + NOA or bank letter). Brokers love fast, clean packets, and it shows the carrier is professional.

Protect the documents

A packet contains tax IDs and bank details. Fraudsters use stolen packets to impersonate carriers. Send it only to verified brokers, through their official setup link or verified email (Module 8).

The W-9

1 W-9
Form (Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification
Go to www.irs.gov/FormW9 for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

2 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Fantastic Tacos, LLC

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following classification boxes.
☐ Individual/sole proprietor or single-member LLC
☐ C Corporation
☐ S Corporation
☐ Partnership
☐ Trust/estate
☒ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) **P**
Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.
☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3).
Exempt payee code (if any):
Exemption from FATCA reporting code (if any):
(Report accounts established outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
123 Cocina Street
Phoenix, AZ 85005
City, state, and ZIP code
Requester's name and address (optional)

6 Last account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)
Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.
Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification
Under penalties of perjury, I certify that:
1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.
Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign this certification, but you must provide your correct TIN. See the instructions for Part II, later.

6 Sign here
Signature of U.S. person: *Andy Higgins*
Date: **January 1, 2025**

General Instructions
Section references are to the Internal Revenue Code unless otherwise noted.
Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.
Purpose of Form
An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:
• Form 1099-INT (interest earned or paid)
• Form 1099-DIV (dividends, including those from stocks or mutual funds)
• Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
• Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
• Form 1099-S (proceeds from real estate transactions)
• Form 1099-K (merchant card and third party network transactions)
• Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
• Form 1099-C (cancelled debt)
• Form 1098-A (acquisition or abandonment of secured property)
Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.
If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

Cat. No. 10231X Form **W-9** (Rev. 10-2018)

Form W-9 (IRS)

Brokers need it so they can report payments to the IRS. The purpose, per the IRS: to "provide your correct TIN to the person who is required to file an information return." Sample from your manual.

1 Form version

This one is Rev. Oct 2018. The IRS's current revision is March 2024 — brokers may ask for the new one.

2 Name (line 1)

Legal name as registered with the IRS. Must match the MC certificate and COI.

3 Tax classification

Here: LLC taxed as a partnership (P). Sole proprietor, C corp, S corp are other options.

4 Address

Business address — should match FMCSA records.

5 TIN / EIN

Employer Identification Number (or SSN for sole proprietors). Used for IRS 1099 reporting.

6 Signature + date

Signed certification "under penalties of perjury".

Why a broker needs it

Brokers pay carriers and may have to report those payments to the IRS. The W-9 gives them the carrier's legal name and taxpayer ID (EIN, or SSN for a sole proprietor). **You never give tax advice**; you just make sure the form is current, complete and matches the other documents.

The COI, line by line

Certificate of insurance (ACORD 25)

Real COI from your OMNITECH manual. A COI is “for information only” – it proves coverage existed when issued. Brokers verify with the agent.

ACORD® **CERTIFICATE OF LIABILITY INSURANCE** DATE (MM/DD/YYYY)

© 1988-2014 ACORD CORPORATION. All rights reserved.
ACORD 25 (2014/01) The ACORD name and logo are registered marks of ACORD

1 Producer (agent)

The insurance agency. Call this number to verify the certificate is real and current.

2 Insured — EMPTY here

Must show your carrier's exact legal name and address. Blank or different = reject.

3 Insurers + NAIC

The actual insurance companies behind each policy.

4 General liability

\$1M each occurrence / \$2M aggregate. Some brokers and shippers ask for it.

5 Auto liability

\$1M combined single limit. FMCSA minimum is \$750K; most brokers want \$1M.

6 "Scheduled autos"

Only trucks listed on the policy are covered. The truck you dispatch must be on the schedule.

7 Cargo + non-owned trailer

Cargo \$250K (with reefer breakdown); non-owned trailer \$50K – needed for power only.

8 Policy dates

01/17/2023 → 04/01/2023: a short term. Expired certificate = no loads.

9 Certificate holder

Each broker wants to be named here. The agent issues a new COI per broker.

The 60-second COI check

1 Insured = exact legal name · **2** dates cover today and the delivery date · **3** auto liability ≥ broker minimum · **4** cargo ≥ load value / broker minimum · **5** truck on the schedule · **6** exclusions vs the freight · **7** agent contact to verify · **8** certificate holder = the broker.

Try it on the sample

Using the annotated COI above: which of the eight checks pass, and which fail? (Answer in the packet audit at the back.)

Insurance types a dispatcher must understand

Coverage	What it covers	Law / typical broker ask	Dispatcher check
Auto liability (BIPD)	Injury and damage the truck causes to others	FMCSA min. \$750,000 general freight · brokers usually \$1,000,000	Limit, dates, truck covered (scheduled autos)
Motor truck cargo	Damage to or loss of the freight being hauled	Not federally required for general freight · brokers often ≥ \$100,000	Limit vs load value; exclusions (reefer breakdown, electronics, theft)
General liability	Non-driving incidents, e.g. damage at a customer's dock	Some brokers / shippers ask (\$1M)	Present if the broker requires it
Physical damage	The carrier's own truck and trailer	Carrier's choice / lender	Rarely asked by brokers
Non-owned trailer / interchange	Trailers the carrier pulls but doesn't own	Needed for power-only and drop trailers	Present before any power-only load (Module 2)
Workers' compensation	Employee injuries (state rules)	Some brokers ask, or an exemption form	Owner-operators may be exempt

What the sample COI teaches

- **Auto \$1M, cargo \$250K:** meets most broker norms.
- **Scheduled autos:** only listed trucks are covered, so ask for the schedule when a new truck is added.
- **Non-owned trailer \$50K:** OK for power only up to that value.
- **Reefer breakdown included:** important for reefer loads.
- **Insured blank and dates expired:** this copy would be rejected.

A COI is not a guarantee

ACORD 25 says it is "issued as a matter of information only and confers no rights upon the certificate holder." Policies can be cancelled after the COI is printed. That is why brokers **call the agent** or use monitoring services, and why you re-check before new setups.

Certificate holder requests

Each broker wants its name in the certificate-holder box. You email the carrier's insurance agent: *"Please issue a COI to ABC Logistics, [address], certificate holder."* Agents usually send it straight to the broker.

Factoring and the Notice of Assignment

1 RE: AMAGINATION REAALITY, LLC - 1406468
NOTICE OF ASSIGNMENT OF ACCOUNTS RECEIVABLE

Attention: Accounts Payable Supervisor

We are pleased to advise you that **AMAGINATION REAALITY, LLC** has entered into an agreement with WEX Bank ("WEX") for certain financial accommodations to obtain working capital. The availability of WEX's relationship will assist AMAGINATION REAALITY, LLC in supporting the growth and development of its business while maintaining a high level of customer service.

3 As part of the WEX relationship, all of AMAGINATION REAALITY, LLC's present and future accounts have been assigned to WEX and accordingly, all payments for AMAGINATION REAALITY, LLC, now or in the future, must be made directly to WEX BANK and not to AMAGINATION REAALITY, LLC or any other entity. WEX's security interest has been duly recorded by its filing under Article 9 of the Uniform Commercial Code (the "UCC"). All payments are now to be made payable to WEX BANK pursuant to the UCC and remitted as follows:

4 PAYMENTS VIA MAIL WEX Bank For the account of: AMAGINATION REAALITY, LLC PO BOX 94565 Cleveland, OH 44101-4565	ELECTRONIC PAYMENTS Name: WEX Bank Account No.: 199681026241 KeyBank N.A. ABA 011200608 Benefit of: AMAGINATION REAALITY, LLC Remittance: wexremitt@wexinc.com
--	---

Payment to AMAGINATION REAALITY, LLC or any other entity will not discharge your obligation to pay WEX and upon receipt of this Notice of Assignment, your failure to cause payments to be made directly to WEX as set forth above may result in your liability to WEX for second payment. To assist us with remittances, please indicate your company and Motor Carrier Number in the space below and return a copy of this notice to us by email at noa@wexinc.com, together with any corrections to your contact information.

5 This notice of assignment shall remain in effect until you are notified in writing by an officer of WEX Bank of its termination. Please notify WEX at 877-275-8801 or factoring@wexinc.com if there are any adjustments to be made to an invoice or if questions arise concerning your billing. We thank you in advance for your cooperation, and we look forward to the continued growth and prosperity of **AMAGINATION REAALITY, LLC**.

Notice of Assignment (NOA)

Real NOA from your OMNITECH manual. If your carrier factors, every broker setup includes the NOA, and invoices go to the factor.

- 1 Which carrier**
Carrier name and its MC number (1406468).
- 2 Notice of Assignment**
The carrier has assigned its invoices (accounts receivable) to a factoring company.
- 3 Pay the factor, not the carrier**
"All payments ... must be made directly to WEX BANK." Paying the carrier by mistake can mean paying twice.
- 4 Remit-to details**
Mailing and electronic payment details of the factor.
- 5 Stays in force**
Until the factor releases it in writing (a "letter of release").
- 6 Signed by both**
Factor and carrier owner sign.
- 7 Broker acknowledges**
The broker returns the bottom section to confirm.

How factoring works

The carrier sells its invoices to a factoring company, which pays the carrier within a day or two, minus a fee, then collects from the broker when payment is due. The **NOA** legally tells the broker: "pay the factor, not the carrier."

Why it matters to you

If the broker pays the carrier directly after receiving an NOA, the factor can make the broker **pay twice**. So brokers take NOAs seriously. If your carrier changes factoring companies, the old factor must send a **release letter** before the new NOA takes effect. Keep both on file.

Bank details and the dispatch agreement

For _____

⑆ 234567890 ⑆ 343949349 ⑆ ⑆ 3256 ⑆

Routing Number Account Cheque
234567890 Number Number
9 digits 343949349 3256

Voided check (sample from your manual)

Shows the **routing number** (bank, 9 digits) and **account number** so a broker can pay by ACH. Many carriers send a **bank letter** instead. Not needed if the carrier factors: the NOA replaces it.

Bank-change fraud

A classic scam: an email “from the carrier” asks the broker to change the bank account. Brokers verify changes by phone with a known contact. If your carrier changes banks, **tell brokers by phone as well as email.**

Spot the error on the sample

The printed check number is **3256**, but the label under it says “Cheque Number **5337**.” It’s a small thing on a teaching picture, but it is exactly the kind of mismatch you must notice on real documents.

The dispatch agreement

The written relationship between you (or your employer) and the carrier. It supports the **carrier-agent** position from Module 1: you act for one carrier, paid by that carrier, and you never handle broker money. The next page shows what it should cover.

Authority to sign

Brokers often ask the person completing setup: “Are you authorised to sign for the carrier?” Only say yes if your dispatch agreement says so. Otherwise send the agreement to the owner for signature.

What a dispatch agreement should cover

What a dispatch agreement should cover

The written carrier–dispatcher relationship. Supports the carrier–agent position from Module 1 (FMCSA 2023 guidance). Not legal advice — the carrier or your employer usually supplies it.

Parties Carrier legal name, MC/USDOT, and you / your company	Services Find loads, negotiate, handle paperwork — on the carrier's behalf	Authority to sign Whether you may sign rate confirmations and broker agreements for the carrier
Compensation Fee (e.g. % of gross or flat), paid by the carrier only	Carrier decides The carrier accepts or refuses any load; drivers follow safety rules	No brokering You don't take freight from shippers or money from brokers
Payments Broker pays the carrier or its factor directly — never through you	Term & ending How either side can end the agreement	Confidentiality Rates, customers, logins stay private

Typical fee structures (examples)

Model	How it works
% of gross	E.g. 5–10% of each load's line-haul pay (practitioner range, varies)
Flat per load / week	Fixed amount regardless of rate
Salary (employee)	Dispatch company pays you; the carrier pays the company

Not legal advice

This page shows common contents, not a template to sign. When you start, your employer or carrier will provide the agreement. If you later set up your own business, have a U.S. transportation attorney review yours.

Broker carrier setup

Broker carrier setup: from new broker to first rate con

Every broker must approve your carrier once before the first load. It takes minutes to days — plan for it.

What the broker sees

Setup platforms pull FMCSA data automatically: authority, insurance filings, safety data, sometimes identity signals and monitoring alerts. The broker adds its own rules: authority age, minimum insurance, safety thresholds, factoring company, sometimes a phone call to the carrier using the number on FMCSA records.

Speed tips

- Keep the carrier's profile complete on the big platforms.
- Have the insurance agent's email ready for certificate-holder requests.
- Answer the broker's verification call quickly, from a number they can match.
- Start setup **before** negotiating hard on a new broker's load if it is time-sensitive.

The broker's carrier profile form

Real carrier profile form from your OMNITECH manual (a broker called Metro Express): legal name, contacts, states served, services, equipment by type, references.

Fill it in from your carrier notes

- **Legal name** exactly as on the MC certificate and W-9.
- **Dispatch day and night phone:** your number and the owner's. Make sure you can answer.
- **States served:** the carrier's real lanes. Over-ticking every state gets you spam.
- **Equipment:** exact types (53' van, 26' box truck with liftgate...) from Module 2.
- **Special requirements:** hazmat, team, pallet exchange. Tick only what is true.
- **References:** brokers the carrier already hauls for.

Never exaggerate capabilities

Ticking "hazmat" or "reefer" for a carrier that isn't qualified gets loads offered that you can't legally haul, and can void insurance coverage on a claim.

Other things brokers may ask

Broker-carrier agreement signature, payment terms or quick-pay option, factoring details, ELD provider and tracking consent, safety or accident history, and a recently signed W-9.

Verifying your own carrier

Eight checks on your own carrier

Do these when you start with a carrier — and repeat the live ones (SAFER, L&I, COI dates) before every new broker setup.

1	SAFER: USDOT active, authority "AUTHORIZED FOR Property", no out-of-service date	safer.fmcsa.dot.gov
2	L&I: common authority ACTIVE, BIPD filing on file (≥ \$750K)	FMCSA L&I
3	Names match everywhere: MC cert, W-9, COI, bank / NOA	your documents
4	COI current: dates, insured name, auto liability ≥ \$1M (broker norm), cargo ≥ \$100K	COI + agent call
5	Truck and trailer are covered (scheduled autos list; non-owned trailer for power only)	agent / policy
6	Cargo exclusions match the freight (e.g. reefer breakdown, high-value, electronics)	agent / policy
7	Authority age meets the broker's rule (many hold new authorities ~90 days)	SAFER / L&I
8	Safety record not alarming (out-of-service rates vs national average, crashes)	SAFER / SMS

Why check your own carrier?

Because the broker will. If insurance has lapsed or the authority is inactive, the setup fails, or worse, a load moves without valid coverage. Catching it first protects your carrier, your reputation and the load.

Repeat the live checks

SAFER and L&I status and COI dates can change any day. Re-check them **monthly, before each new broker setup, and whenever the carrier mentions insurance changes.**

Document red flags

Document red flags

Any one of these stops the setup until it is fixed. Several together can mean fraud (Module 8).

⚠ Names don't match

W-9 says "ABC Trucking LLC", COI says "ABC Transport Inc."

⚠ Expired or future-dated COI

Policy dates don't cover today.

⚠ Insured blank / wrong

Like the sample COI: no insured name at all.

⚠ Truck not on the policy

"Scheduled autos" but the truck's VIN isn't listed.

⚠ Cargo exclusions

Excludes reefer breakdown, electronics, alcohol, unattended vehicles...

⚠ Authority inactive / revoked

Old certificate looks fine; SAFER says NOT AUTHORIZED.

⚠ Phone / email mismatch

Contact details differ from FMCSA records.

⚠ NOA surprise

A new factoring notice nobody told you about — confirm with the owner.

Say it out loud — drill 7: verifying a COI with the agent

Call the phone number on the COI (or the insurer's official number):

"Hi, this is Jawad, dispatcher for Blue Line Transport, MC 1298456. I'm confirming a certificate of insurance dated September 15, 2026. Can you confirm the auto liability and cargo policies are active, the limits are \$1 million and \$100,000, and that the 2022 Freightliner, VIN ending 4471, is on the schedule? Also, are there any cargo exclusions for reefer breakdown?"

Write down the name of the person, the date and the answers.

Monitoring services

Brokers often use monitoring tools (e.g. Carrier411 in your manual's screenshot, or the onboarding platforms) that alert them to insurance cancellations, authority changes and reports from other brokers. The Carrier411 screenshot shows "FreightGuard" reports such as "cancelled after accepting load." A carrier's behaviour follows it.

 U.S. Department of Transportation
Federal Motor Carrier Safety Administration

1500 New Jersey Ave., S.E.
Washington, DC 20590

ISSUANCE DATE
SEPTEMBER 30, 2022

CERTIFICATE
MC-19963-C
U.S. DOT No. 1060901
ABC COMPANY LLC
JACKSONVILLE, FL

This Certificate is evidence of the carrier's authority to engage in transportation as a **common carrier of property (except household goods)** by motor vehicle in interstate or foreign commerce.

This authority will be effective as long as the carrier maintains compliance with the Federal Motor Carrier Safety Regulations pertaining to insurance coverage for the protection of the public, (49 CFR 387) and the designation of agents upon whom process may be served, (49 CFR 388). The carrier shall also maintain adequate financial resources and adequate service to the public. Failure to maintain compliance will constitute sufficient grounds for revocation of this authority.

Jeffrey L. Sacrali
Jeffrey L. Sacrali, Division Chief
Office of Registration

NOTE: Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a DOT safety fitness rating of "unsatisfactory" or by other indicators, could result in a proceeding requiring the holder of this certificate or permit to show cause why this authority should not be suspended or revoked.

Voided check

Find at least **6 problems**. Hint: compare names, dates, versions and whether a factored carrier would also send a voided check.

Onboarding interview + module check

Questions to ask a new carrier on day one

1. Legal name, MC, USDOT, and who is authorised to sign?
2. How many trucks and trailers, which types, and the VIN/unit numbers?
3. Insurance agent's name, phone and email?
4. Do you factor? With whom? Is the NOA current?
5. Which brokers are you already set up with?
6. Preferred lanes, home time, minimum rate (Module 7)?
7. Freight you won't haul (hazmat, food, high value)?
8. ELD provider, and can I have dispatcher access?

Module 5 check

1. What is the difference between a USDOT number, an MC number and authority status?
2. Did Motus eliminate MC numbers? What did it change?
3. Which two FMCSA lookups do you use, and what does each show?
4. What is the FMCSA minimum liability for a general-freight carrier, and what do brokers usually ask?
5. Why can a COI be current on paper but not valid?
6. What does "scheduled autos" mean for a dispatcher?
7. What does an NOA tell a broker, and what happens if it is ignored?
8. Name four things a dispatch agreement should cover.
9. Name five document red flags.
10. Why must packets be sent only through verified channels?

Answers — lookups and packet audit

L&I screen (page 8)

No: broker authority is NONE. \$1,000,000 BIPD is on file, above the \$750,000 federal minimum.

Lookup results (page 8)

#	Conclusion
1	Cannot haul for hire across state lines. Stop.
2	Ordered out of service. Cannot operate. Stop.
3	Authority not yet granted. Can't take broker loads yet.
4	No liability filing: authority will be or is revoked. Stop.
5	Census not updated for years; ask the carrier to update the MCS-150 and confirm it is active.
6	Has both carrier and broker registrations: legal, but confirm which role it plays on each load.

Packet audit (page 20) — problems

1. **Names don't match:** MC certificate = ABC Company LLC; W-9 = Fantastic Tacos, LLC; NOA = Amagination Reality, LLC. Three different companies!
2. **COI "Insured" box is blank:** no carrier named.
3. **COI expired:** policy period ended 04/01/2023.
4. **COI certificate holder is blank:** the broker would need its own certificate.
5. **W-9 is an old revision** (Oct 2018); the IRS's current version is March 2024. The address (Phoenix) doesn't match the MC certificate (Jacksonville).
6. **NOA MC number (1406468) differs** from the certificate (MC-1395526).
7. **Voided check:** the account holder is a person (John Doe), not the company; the cheque number label doesn't match. And if the carrier factors (NOA), payment goes to the factor, so the check shouldn't be used.

Lesson

Each document looks fine alone. Together they are clearly not one carrier. **Always cross-check names, numbers, addresses and dates across the whole packet.**

Answers — module check

- 1** USDOT = identity and safety record; MC = operating authority to haul for hire; status = whether that authority is active today.
- 2** No. Docket numbers are still issued and existing numbers don't change. Motus added USDOT suffixes for new registrants, Login.gov identity checks, one docket per new authority, and pending-reason displays.
- 3** SAFER: identity, size, inspections, crashes, rating, operating status. L&I: authority types and statuses, insurance filings, BOC-3.
- 4** \$750,000 BIPD for general freight; brokers usually want \$1,000,000 auto liability and often ≥ \$100,000 cargo.
- 5** A COI is information only; the policy can be cancelled after printing, or the truck may not be on it. Verify with the agent.
- 6** Only the trucks listed on the policy are covered. The dispatched truck must be on the schedule.
- 7** Pay the factoring company, not the carrier. If ignored, the broker may have to pay twice.
- 8** Any four: parties; services; authority to sign; compensation paid by the carrier only; carrier decides on loads; no brokering; payments go directly to carrier or factor; term; confidentiality.
- 9** Any five: names don't match; expired COI; insured blank; truck not on policy; cargo exclusions; authority inactive; contact mismatch; surprise NOA; bank-change request by email.
- 10** Packets hold tax IDs and bank details. Fraudsters use them to impersonate carriers and redirect payments.

Glossary

ACORD 25 — Standard certificate-of-insurance form.

Authority — FMCSA permission to operate for hire (common/contract/broker).

BIPD — Bodily injury and property damage (auto liability) insurance.

BMC-91 / 91X — Insurer's liability filing with FMCSA.

BOC-3 — Filing naming process agents in each state.

Cargo insurance — Covers the freight being hauled.

Certificate holder — Party (e.g. a broker) named on a COI.

COI — Certificate of insurance.

Dispatch agreement — Contract between the carrier and its dispatcher.

Docket number — MC / MX / FF authority number.

EIN — Employer Identification Number (tax ID).

Factoring — Selling invoices to a factor for fast cash.

L&I — FMCSA Licensing & Insurance records.

Login.gov — Federal identity-verification service used by Motus.

MCS-150 — Carrier census form; update every 2 years.

Motus — FMCSA's registration system (2025–26).

NOA — Notice of assignment; pay the factor.

Non-owned trailer — Insurance for trailers the carrier pulls but doesn't own.

Out-of-service — Order barring a company, driver or vehicle from operating.

SAFER — FMCSA public company snapshot lookup.

Scheduled autos — Policy covers only listed vehicles.

SMS — FMCSA Safety Measurement System.

USDOT number — FMCSA company identifier.

USDOT suffix — Letter after a new USDOT number showing entity type.

W-9 — IRS form giving a taxpayer ID to a payer.

Recreated screens

The SAFER and L&I screens in this module are recreations using a fictional practice carrier (Blue Line Transport), laid out like the real FMCSA pages. Use the real sites for live data.

Things that change

Motus is still rolling out; FMCSA may change displays and suffix rules. Broker requirements (insurance limits, authority age) are company policies and vary. Re-check before relying on a detail.
